Thank you, Heather (and the rest who worked on this).

Plan sounds good. I'm copying Helen and Sofia on our regional media team so they know this is going out.

Thanks,

Good morning, gang. Attached and below is the op-ed with DOI edits highlighted in yellow. [Ex. 5 Deliberative Process (DP)]

Ex. 5 Deliberative Process (DP)

Since the deadline is rapidly approaching it is DOI/Cabinet Comms opinion that pitching to USAT or other national outlets would not be the best way to go because they will already have their opinion pages laid out and space saved. Our revised approach:

Hi Sarah-- I'm looping in Heather who will send our edits to this group. Brad also asked that we take the lead on pitching it so Heather can update this group on that plan as well.

Thanks again for everyone's patience!

Sarah, if Brad gives go ahead, we'll have to get around to DOI and EPA for final sign off and then pitching. We're not at zero hour, but darn close.

Brad, ball is in your court to tell us yea or nay in light of what you have coming down the pipe for us next week on 100 Days.

Thx! The Secretary would like to review it so we will send it to him now. He's on the West Coast so we may need a few hours but I know we are on a tight timeline. Have a drop dead time?

Anyone coming over to EPA at 1pm for the walk thru, please come to the EPA North Entrance which is right off of 12th Street between Penn and Constitution right at the Federal Triangle Metro stop.

Call or text me when you arrive. You'll need to check in with the security desk.
